

Simple Foundations

LEGAL-SIZE

TRANSLUCENT VELLUM PAPER

25 SHEETS ■ 8½" × 14"

New larger size for more designs on one sheet!

- Translucency makes paper piecing easy—clearly see where to position and stitch your fabric
- Larger size can be used with any printer or copier to get more designs on a single sheet
- Quality lightweight vellum tears away quickly, creases without cracking, and takes the heat of an iron
- Great for machine quilting—draw your design, then position and stitch through the paper
- Trace perfect lines without a light box

Use with Anita Grossman Solomon's "Make It Simpler[®]" technique or any foundation pattern!
